Occupation: Librarian

Company Name: Washoe County Library System

Position: Branch Manager

Education and Experience: B.S., University of Vermont, M.S., University of North Texas, 16 years of experience

What makes you a good candidate to be on the Incline Village Mobility Committee?

I am a public service employee and manager as well as a homeowner in Incline Village. My staff, our customers, and I are all affected by issues of traffic, safety, and public transit. We are all users of public transit as well. Both professionally and personally, I am invested in the sustainable growth of the community and access to the natural resources of the Lake Tahoe Basin. I attend and/or participate in a variety of community meetings and discussions including the IV/CB CAB and IV/CB Community Forum. As part of my work with the library, we participate in collaborative events with the

What is your knowledge of, or experience in, public engagement, planning, and public transit?

In my position as a library branch manager, we strive to serve as a community hub for Incline Village. A major part of the library's goals, operations, and planning is to better serve each member of the community by providing access to information, educational programs, and a welcoming space. I have experience facilitating community discussions and engagement through library strategic planning community forums, serving as a moderator for the Incline Village/Crystal Bay Community Forum, and by coordinating the library's Tahoe Tech Talks program series. While I do not have direct experience

What do you feel is the most important contribution you can make as a member of the Committee?

Through my professional experience in public service and community engagement, I can contribute facilitation, information gathering, and data and input-driven decision making skills to this committee.

What is your experience, specifically, with public transit in Tahoe?

My experience with public transit in Tahoe is as a user and observer. I use TART buses to travel around Incline Village and to visit Palisades at Tahoe. And when I do use public transit, I appreciate the accessibility it provides and am continually thrilled that I can go from my house to the base of Palisades, a 45-minute drive away, with a short walk and a bus ride. I also use the TART Connect service for local trips around town and observe residents, service employees, visitors, and youth taking advantage of the service. Based on observations of other public transit systems in other resor
