This Request for Proposals (RFP) is being advertised to select one (1) firm with whom Tahoe Transportation District (TTD) hopes to negotiate an Agreement for the described services. Issuance of this RFP shall in no way constitute a commitment by TTD to execute an Agreement.

TTD reserves the right to issue addenda to this RFP prior to the closing date. It is the Proposer's responsibility to check for any addenda to this procurement at TTD's website (<https://www.tahoetransportation.org/procurements/>) prior to Proposal submission. Submission of a Proposal constitutes acknowledgement of this RFP and all subsequent addenda. TTD reserves the right to reject any or all Proposals received in response to this RFP, or to cancel this RFP if it is deemed in the best interest of TTD to do so.

TTD represents the lead agency on this project and has received approval from the Nevada Department of Transportation (NDOT) through a written agreement between TTD and NDOT, and for TTD to comply with NDOT's Local Public Agency (LPA) project procurement process.

SECTION I - BACKGROUND

TTD is seeking the services of a qualified firm to conduct project engineering and environmental services for the design and permitting of State Route 28 (SR 28) corridor improvements, specifically the Central Corridor Chimney Beach to Secret Harbor Parking, Transit, Trail, and Safety Improvements (Project) along the east shore of Lake Tahoe in the local jurisdictions of Washoe County and Carson City, Nevada. A summary of improvements includes: relocation of on-highway parking, parking lot expansions, 0.9-mile of trail, prefabricated bridge, pedestrian signalized crossing, and pullouts along the corridor. Two existing parking facilities along the corridor to be retrofitted and expanded include Chimney Beach to expand from 25 to 130 vehicular spaces and Secret Harbor to expand from 30 to 110 vehicular spaces.

TTD is a bi-state, special purpose transportation district that delivers capital projects in the Lake Tahoe basin. Examples of TTD projects include road realignments, bridges, roundabouts, complete streets, parking, shared use paths, and transit facilities. The Project is located in Washoe County and Carson City, Nevada and will require coordination with various federal, state and local entities, including the Tahoe Regional Planning Agency (TRPA), NDOT, United States Forest Service (USFS), Nevada State Parks, Washoe County, Carson City, utility agencies, and other jurisdictions directly or indirectly affected by the Project.

All of TTD's projects serve transportation purposes and help to accomplish regional transportation goals. At the same time, some of TTD's projects also create development opportunities that further other public purposes and goals.

Supporting project information can be found at <https://www.tahoetransportation.org/projects/sr28-national-scenic-byway/>.

SCOPE OF WORK

SR 28 Central Corridor – Chimney Beach to Secret Harbor Parking, Transit, Trail, and Safety Improvements

The project includes the Preliminary Engineering for relocation of on-highway parking, parking lot expansions, .9 miles of trail, prefabricated bridge, pedestrian signalized crossing, and pullouts along the corridor.

This RFP describes the general Scope of Services, necessary proposal components, selection process, and required format of the proposals, as well as a sample service agreement (Attachment D). It should be noted that the RFP document and attachments follow, as applicable, NDOT's LPA process and requirements for advertising, evaluating, and selecting the consultant to perform the requested services. A portion of the funding used for project design is federally funded and NDOT requires TTD to utilize these funds in conformance with applicable federal and NDOT requirements.

SECTION II - MINIMUM QUALIFICATIONS

Statement of Qualifications (SOQ) will first be reviewed to determine if minimum qualification requirements are met. Qualifications will be evaluated solely based upon information submitted in the SOQ; therefore, the SOQ must include sufficiently detailed information to clearly establish that the Proposer meets the minimum qualifications. Any Proposals submitted that do not meet the minimum qualification requirements, as outlined below, will be disposed of in an appropriate manner, at the sole discretion of TTD, and without further review. All minimum qualifications must be held at time of submittal unless otherwise indicated.

Minimum Qualification Requirements:

To be awarded a contract after responding to this RFP, the prime firm shall be a firm, organization or vendor licensed to conduct business in their respective disciplines in the State of Nevada within five (5) days of being given a notice of intent to award the contract. Specifically, the Proposer and its Project Manager shall comply with the registration requirements of Chapter 625 of the Nevada Revised Statutes (NRS), Professional Engineers and Land Surveyors, at the time of submission of the Proposal. Such individual(s) must be employed by the firm that is submitting the Proposal for consideration by TTD. A firm cannot meet the registration requirements of NRS Chapter 625, for qualification purposes, by "borrowing" such a person from another firm under the guise of a "Joint Venture" submission. Each firm of a Joint Venture must be qualified by TTD by having a Nevada licensed Professional Engineer; each Joint Venture firm must stand alone in this requirement. If the Proposal is being submitted by a Joint Venture, a copy of the documents by which such Joint Venture is formed must be submitted with the Proposal. The individuals so named must be Nevada licensed Professional Engineers; pending licenses do not qualify.

The selected firm must be familiar with various laws and regulations pertaining to projects in the Tahoe Basin, including those of TRPA, NDOT and Federal Highway Administration (FHWA), and environmental review under National Environmental Policy Act (NEPA), and the general processes for project delivery and the administration of State, Federal, and local funding sources. The project is funded by a combination of regional, state and federal grants and local dollars.

The firm's team shall have road and facility planning, environmental analysis, and engineering design experience in managing large-scale civil projects (streets, drainage, utilities and other improvements) and vertical projects (transit-oriented development and facilities).

The selected firm must also meet the business license requirements specified in Section VIII.

This RFP does not commit TTD to award a contract. TTD reserves the right to accept or reject any or all proposals. No proposal shall be binding upon TTD until after a contract is executed by duly authorized representatives of TTD and the selected firm. No minimum amount of work is implied or guaranteed under the contract.

SECTION III - SCOPE OF SERVICES AND SCHEDULE

Scope of Services

The successful firm will be a highly skilled and experienced project team comprised of seasoned, well-rounded team members with related experience in the following areas discussed below. The selected firm will be responsible for all aspects of environmental analysis and engineering design associated with the specific components outlined below. Current design is at a preliminary level and the project scope includes both environmental analysis to acquire NEPA document approval and 100 percent design level (plans, specifications and estimate (PS&E)) for advancing the project to construction bidding purposes.

The required project scope shall include both environmental analysis and engineering services. Environmental analysis services shall include review of existing environmental documentation for the Project and to determine what additional analysis and documentation are needed to obtain NEPA and TRPA environmental approvals. Engineering services shall include, but may not be necessarily limited to: recommendations for project delivery, utility relocation analysis, tracking budgets, preparing cost estimates and risk management. Services shall also include providing construction costs/cost of work,

monitoring schedules, Right of Way (ROW) determination, overseeing quality of all aspects of the project; communication with the project team, and coordinating with all other applicable consultants.

The project engineering will be completed in three phases. Phase 1 will include review and any recommended modification of the current 30 percent project design, along with environmental analysis and documentation to obtain applicable project level NEPA, USFS, NDOT, TRPA, and any other agency approvals. The 30% design plans, dated March 2019, are available at <https://www.tahoetransportation.org/procurements/>. It should be noted that the trail section and associated off-highway parking facilities considered for this project are located on Sheets P-8 through P-12, and Stations 13+900 to 19+700. Parking facility details are provided on Sheets PK-1 and PK-2. Also included in the above link are two pertinent documents including the Corridor Signage Master Plan dated June 30, 2016 and the Structure Type Selection Memorandum dated December 18, 2018. Also included in the link are the final design drawings issued by the USFS for the Chimney Beach parking facility expansion currently under construction. These drawings supersede Sheet PK-1 representing the latest design for the Chimney Beach parking facility.

Phase 2 will include the preliminary engineering up to 60 percent design completion, including but not limited to:

- Plan view of proposed site grading and drainage improvements and identification of all major road components, including curb, gutter, sidewalks, parking areas, ancillary buildings, restroom facilities, paid parking kiosks, transit/mobility hub facilities, safety facilities, trails, prefabricated bridge, overhead lighting, and underground utilities.
- Utility plan sheets identifying proposed improvements, with existing utilities clearly identified in locations where conflicts could exist.
- Roadway, trail, parking, bridge and drainage structure plan and profile sheets with appropriate horizontal and vertical design information.
- Necessary hydrogeology, geotechnical and land surveys for supporting design.
- ROW boundaries and property owner identification in and around project site.
- Identification of any project improvements located on private property. The project assumes all improvements will be primarily located on a combination of local (Washoe County and Carson City), state (NDOT), and federal lands (USFS).
- Determination of all necessary ROW acquisition based on preliminary project design.
- Determining all necessary rights-of-entry for private property for construction purposes.
- Ensure all designs meet NDOT requirements, expectations, and standards.
- Develop landscape plans, irrigation plans, and vegetative maintenance plans, consistent with relevant policies and ordinances.
- Ensure all designs meet current standards in addressing multi-modal functionality.
- Update project costs, prepare a finance plan, as needed, and provide any information necessary for securing additional funds.
- Assist in coordination, communication and, if necessary, preparation of inter-local agreements with stakeholders.
- Participate in the partnering process with project stakeholders.
- Development of construction sequence plan.
- Preparation of wayfinding signage design and a highway modification plan for both parking facilities and nearby on-highway parking removal.
- Parking management design, including infrastructure to emulate and connect to the existing parking system (Park Tahoe) at the Tahoe East Shore trailhead, as applicable.
- Development of a minimum of two design configurations for each parking facility, including Chimney Beach and Secret Harbor. Even though the Chimney Beach parking facility expansion

is currently under construction by the USFS; parking kiosks, underground broadband facilities, SR 28 pedestrian crossing, and parking facility driveway connection to SR 28 still require detailed design for the Chimney Beach parking facility. In addition, there is the potential that the Secret Harbor parking facility expansion shown on Sheet PK-2 could be relocated further south. For design approach purposes, consider two parking facility locations.

Phase 3 will encompass all final or 100 percent project design drawings, project quantities, project specifications, and detailed construction cost estimate for bidding the project. The selected firm will work alongside TTD to deliver the necessary project engineering products, along with determination of ROW survey and easement products required by local and state agencies where the project improvements will be built.

Schedule

TTD anticipates the following schedule for major project tasks to be followed to complete the Scope of Services in a timely manner such that the project can be constructed in 2025. In summary, TTD estimates the design services described above to be completed within ten (10) months of contract execution.

5. Cost proposals or elements of cost shall be submitted separate from technical/qualifications proposals, since these shall not be considered in the evaluation, ranking, and selection phase.

Failure to meet the above stated requirements and limitations may result in a Proposal being deemed non-responsive in TTD's sole discretion.

Proposers must deliver one (1) electronic version of its proposal to the Tahoe Transportation District, Attn: Judi Allen, via e-mail to jallen@tahoetransportation.org. The proposal may also be delivered on a USB flash drive in person or via courier service to 128 Market Street, Suite 3F, Stateline, NV 89449, or regular postal mail to PO Box 499, Zephyr Cove, Nevada 89448. Please mark the e-mail/envelope RFP No. 2023-002 Project Engineering & Environmental Services for State Route 28 Central Corridor Chimney Beach to Secret Harbor Parking, Transit, Trail, and Safety Improvements with the name and address of the Proposer. No responsibility will attach to TTD, or any official or employee thereof, for the failure to open a proposal not properly addressed and identified. Proposers will be wholly responsible for the timely delivery of submitted proposals. Proposals must be received no later than 3:00 p.m. on November 9, 2023.

Proposals received after the specified deadline will not be considered and will be returned unopened to the Proposer.

Any confidential information, trade secrets and/or proprietary information the Proposer wants to include in the proposal must be submitted as a separate document from the technical/qualifications proposal and cost proposal documents. If TTD reviews the confidential information and determines that the information is not considered confidential per NRS 333, TTD will contact the Proposer. The Proposer must advise TTD whether it either accepts TTD's determination that the information is not confidential or withdraw the information. The Proposer will not be allowed to alter the submittal after the date and time set for receipt of Proposals shown above. Proposer accepts and acknowledges TTD retains its immunity pursuant to the provisions of NRS 239.012 for any "good faith" release of information and the immunities from liability provided to it pursuant to NRS Chapter 41.

TTD assumes no financial responsibility in connection with the Proposers' costs incurred by attending the pre-submittal meeting if required, in the preparation and submission of the Proposal packets, or by attending oral interviews, if such interviews are conducted by TTD in its sole discretion.

Each Proposer shall familiarize itself with the Sample Service Agreement (Attachment D). To maintain consistency between TTD and its SERVICE PROVIDERS, only those portions of the "Sample Service Agreement" which are blank may be open for negotiation.

A pre-negotiation audit may be required by TTD. The objective of a pre-negotiation audit is to establish a provisional indirect cost rate of direct labor to be utilized for negotiations and progress payments to the SERVICE PROVIDER during the course of the project.

The Specific Rates of Compensation method of compensation shall be used for the Proposer's services, as set forth in 48 CFR Chapter 1.

SECTION V - RULES OF CONTACT

Specific information necessary for the preparation of Proposals will be disclosed to all Proposers. TTD will not be responsible for any oral exchange or any other information or exchange that occurs outside the official process specified herein. Failure to comply with these rules of contact may result in a Proposal being deemed non-responsive in TTD's sole discretion.

SECTION VI - PROPOSER QUESTIONS

Any irregularities or lack of clarity in the RFP must be brought to TTD's attention, via email to jallen@tahoetransportation.org as soon as possible, so that corrective addenda may be furnished by TTD in a timely manner to all Proposers.

Any questions raised by Proposers must be submitted via email to jallen@tahoetransportation.org no later than **3:00 p.m. PST, on October 5, 2023**. Only questions or requests submitted by the deadline will be considered. No requests for additional information or clarification to any other TTD office, consultant, employee, or the Federal Highway Administration (FHWA) will be considered. Responses to questions regarding the RFP, including requests for clarification and requests to correct errors, will be posted on TTD's website on or before **October 12, 2023**.

SECTION VII - DBE REQUIREMENTS

NDOT has established a Disadvantaged Business Enterprise (DBE) OR Small Business Enterprise (SBE) participation goal of six percent (6.0%) of the total dollar value of the negotiated Agreement with the successful Proposer. A DBE/SBE must be a small business concern as defined by the U.S. Small Business Act, 15 USC § 632 or by 49 CFR Subtitle A, Part 26.

DBE/SBE firms must be certified by the Nevada Unified Certification Program (NUCP) in accordance with 49 CFR Part 26 in a NAICS code applicable to the kind of work the firm would perform on the project in order to count towards DBE/SBE goal attainment. NDOT is an agency member of the NUCP. A list of certified DBEs/SBEs may be obtained from the Nevada Department of Transportation's website at www.ndot.dbesystem.com. DBE/SBE status continually changes; therefore, it is recommended that the Proposer verifies certification at www.ndot.dbesystem.com before submitting a Proposal.

Proposers shall include the following information in their submitted Proposal:

- A. Completed Attachment C – DBE/SBE Commitment to Subcontractors form;**
- B. Copy of selected DBE's/SBE's certification issued by the NUCP; and**
- C. A DBE/SBE Commitment Letter (sample letter) from each DBE/SBE firm listed on Attachment C – DBE/SBE Commitment to Subcontractors form, on the DBE/SBE firm's letterhead, clearly indicating:**
 - a. the DBE/SBE firm's name and address;**
 - b. a description of the work to be performed by the DBE/SBE; and**
 - c. the percentage of the negotiated Agreement to be performed by the DBE/SBE.**

A Proposer who is unable to meet the DBE/SBE requirement stated herein may receive DBE/SBE evaluation criteria points by making a documented "Good Faith Effort" that is approved by NDOT. The documentation necessary to establish a "Good Faith Effort" must be submitted with the Proposal. The

"Good Faith Effort" must be a substantial, documented effort that may include, but is not limited to, the items listed in 49 CFR Part 26, Subpart C, Sections 26.53(a)(2) and Appendix A.

Proposers failing to demonstrate their ability to attain the stated DBE/SBE goal or to provide adequate Good Faith Efforts approved by NDOT in accordance with 49 CFR Part 26, Subpart C, **shall receive a score of zero (0)** for their Proposal's DBE Evaluation Criteria.

The Proposer shall utilize the specific DBEs/SBEs listed to perform the work and supply the materials for which each is listed on Attachment C – DBE/SBE Commitment to Subcontractors form, unless the contractor obtains TTD's written consent as provided in 49 CFR Part 26.53 (3)(f), (4) & (5); and unless such consent is provided, the contractor shall not be entitled to any payment for work or material, unless it is performed or supplied by the listed DBE/SBE.

The Proposer shall not terminate a DBE/SBE subcontractor listed in Attachment C - DBE Commitment to Subcontractors form (or an approved substitute DBE/SBE firm) without the prior written consent of TTD. This includes, but is not limited to, instances in which a Proposer seeks to perform work originally designated for a DBE/SBE subcontractor with its own forces or those of an affiliate, a non-DBE/SBE firm, or with another DBE/SBE firm.

When a DBE/SBE participates in a Service Agreement, expenditures toward DBE/SBE goals will only count if the DBE/SBE is performing a commercially useful function on the Service Agreement. A DBE/SBE performs a commercially useful function when it is responsible for execution of the work of the Service Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE/SBE shall also be responsible, with respect to materials and supplies used on the Service Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE/SBE is performing a commercially useful function, the amount of work subcontracted, industry practices, or whether the amount the firm is to be paid under the Service Agreement shall be evaluated to ensure it is commensurate with the work it is actually performing and the DBE/SBE credit claimed for its performance of the work and other relevant factors.

All DBE/SBE requirements and good faith efforts and Commercially Useful Function evaluations shall be in accordance with 49 CFR Part 26.

SECTION VIII - NEVADA BUSINESS LICENSE REQUIREMENT

The selected firm, prior to doing business in the State of Nevada, must be appropriately licensed by the Office of the Secretary of State pursuant to NRS 76.100. Information regarding the Nevada State Business License can be located at www.nvsos.gov.

Before the Agreement(s) resulting from this RFP can be executed, the successful Proposer(s) must provide the following:

- A. Nevada State Business License Number; and
- B. Business Entity's Legal Name (affirm that it is the same name under which the Proposer is doing business).

Additionally, if the Proposer is a corporation, LLC, LP, LLP, or LLLP, or non-profit corporation based out of state, it must be registered as a foreign business entity equivalent in Nevada, in active status, and in good standing with the Nevada Secretary of State.

Each Proposer shall clearly state, at the time of Proposal submission, its willingness to adhere to this requirement by providing a statement of adherence within the proposal cover letter, a copy of its Nevada State Business License, a copy of its application from the Secretary of State Office, or a print out of the entity status, which can be obtained from the Nevada Business Search found on the homepage of the Nevada Secretary of State's website at www.nvsos.gov.

Award of any Agreement is contingent on a Proposer having and holding an active and valid Nevada State Business License. The successful Proposer must satisfy this requirement within five (5) business days of issuance of the Notice of Intent. If a Proposer is unable or unwilling to adhere to this requirement, TTD will deem the Proposer to be non-responsive, and TTD will proceed to negotiate with the next most qualified firm, and so on, until an Agreement, that is acceptable to TTD, is negotiated.

To apply for a Nevada State Business License or to file appropriate formation documents with the Nevada Secretary of State's office, please visit www.nvsos.gov. Business licenses can be obtained immediately by applying on-line; however, paper applications may take several weeks to process.

SECTION IX - SELECTION PROCESS

Selection will be based on the Evaluation Factors listed in the Evaluation Factors section (Section IV), which will be used by a Review Committee to evaluate the Proposals. The Review Committee will be comprised of TTD staff and may include other members representing governmental entities, who shall remain anonymous to protect the integrity of the procurement process.

Oral interviews may be conducted, in TTD's sole discretion, for any firm that submits a Proposal. In the event that TTD elects to conduct oral interviews, each Proposer in the competitive range will be advised of the format for such interview and will be provided with a schedule for such interview.

Failure of a Proposer to appear at the oral interview, if the committee elects to conduct such interviews, will be considered non-responsive and that Proposer will be eliminated from any further consideration.

From the proposal evaluation and any subsequent discussions which may have been conducted, TTD shall rank, in order of preference, at least three consultants determined most highly qualified to perform the solicited services based on the established and published criteria. In instances where only two qualified consultants respond to the solicitation, TTD may proceed with evaluation and selection as long as TTD determines that the solicitation did not contain conditions or requirements that arbitrarily limited competition, or alternatively, may award a contract based on noncompetitive procurement in accordance with 23 CFR 172.7 and applicable state law.

The committee may use the information submitted in the Proposer's Proposal package, the information referenced in this RFP, and the information presented at the interview, if applicable, to arrive at the final ranking. The Proposals will be ranked and an Agreement may be negotiated following the selection of a most qualified Proposer. If an acceptable Agreement cannot be reached with the highest ranked firm, TTD may proceed to negotiate with the next highest ranked firm, and so on, until an acceptable Agreement is negotiated, or TTD, in its sole discretion, elects to terminate the solicitation.

SECTION X - AWARD PROCESS

TTD shall issue its Notice of Intent to Award on November 22, 2023. Any award is contingent upon the successful negotiation of final contract terms and upon approval of TTD's Board of Directors. Negotiations shall be confidential and not subject to disclosure to competing firms. The terms agreed to by the parties shall be confidential until an Agreement is executed. If contract negotiations cannot be concluded

successfully, TTD, at its sole discretion and upon written notice to all firms, may negotiate a contract with the next highest-ranking firm or withdraw the RFP and cancel this procurement.

Upon the successful negotiation and execution of an Agreement, TTD shall issue a Notice of Award, at which time Proposals are no longer confidential and can be requested from TTD via a Public Records Request.

SECTION XI - TERMS, CONDITIONS AND EXCEPTIONS

This procurement is being conducted in accordance with NRS Chapters 333 and 408, NAC Chapter 333, and SAM Section 300, as applicable.

TTD reserves the right to alter, amend, or modify any provisions of this RFP, or to withdraw this RFP, at any time prior to the award of a contract pursuant hereto, if, in the sole discretion of TTD, it is in the best interest of TTD to do so.

TTD reserves the right to waive informalities and minor irregularities in Proposals received.

TTD reserves the right to reject any or all Proposals received prior to contract award.

Alterations, modifications or variations to a Proposal may not be considered unless authorized by the RFP, or by an addendum or an amendment to the RFP.

Proposals which appear unrealistic in the terms of technical commitments, lack of technical competence, or are indicative of failure to comprehend the complexity and risk of the requirements of this RFP, may be rejected.

All materials submitted in accordance with the prescribed deadline become the property of TTD and will not be returned. TTD's selection or rejection of a Proposal does not affect this right. The master copy of each Proposal shall be retained for official files and will become public record after execution of an Agreement.

The awarded Proposer will be the sole point of Agreement responsibility. TTD will look solely to the awarded Proposer for the performance of all contractual obligations, which may result from an award based on this RFP, and the awarded Proposer shall not be relieved for the non-performance of any or all of its subcontractors.

The awarded Proposer must maintain, for the duration of its Agreement, insurance coverage as set forth in the Agreement executed in response to this RFP. Work under the Agreement shall not begin until after the awarded Proposer has submitted to TTD acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or alternative method of insurance acceptable to TTD in its sole discretion will be deemed a material breach of contract.

Each Proposer must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict must be disclosed. By submitting a Proposal in response to this RFP, each Proposer affirms that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a Proposer's Proposal. An award will not be made where a conflict of interest exists.

TTD, in its sole discretion, will determine whether a conflict of interest exists and whether it may reflect negatively on TTD's selection of a Proposer. TTD reserves the right in its sole discretion to impose additional requirements upon the Proposer to mitigate such conflict of interest or to disqualify any Proposer on the grounds of an actual or an apparent conflict of interest.

TTD will not be liable for Federal, State, or local excise taxes.

TTD reserves the right to negotiate final Agreement terms with any Proposer selected in accordance with NAC 333.170 and/or other applicable law. The Agreement between the parties will consist of the final executed Agreement, the RFP with any modifications thereto, and the awarded Proposer's Proposal with any modifications and clarifications thereto that are incorporated at the request of TTD during the evaluation and negotiation process. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the final executed Agreement, addenda to the RFP, the RFP, any modifications and clarifications to the awarded Proposer's Proposal, and the awarded Proposer's Proposal. Specific exceptions to this general rule may be noted in the final executed Agreement.

The Proposer understands and acknowledges that the representations above are material and important, and will be relied on by TTD in its evaluation of a Proposal. Any misrepresentation by a Proposer shall be treated as fraudulent concealment from TTD of the true facts relating to the Proposal.

No announcement concerning the award of an Agreement as a result of this RFP can be made without the prior written approval of TTD.

The Nevada Attorney General will not render any type of legal opinion regarding this transaction.

SAMPLE SERVICE AGREEMENT

This Agreement, made and entered into on _____, by and between the Tahoe Transportation District (hereinafter "TTD") and **NAME AND ADDRESS** (hereinafter "SERVICE PROVIDER"). Individually they are each a "Party" and collectively they are the "Parties."

WITNESSETH:

WHEREAS, NRS Chapter 332 authorizes local governments to contract for the services of independent contractors; and

WHEREAS, TTD has determined that a provision of services is required for the State Route 28 (SR 28) Central Corridor Chimney Beach to Secret Harbor Parking, Transit, Trail and Safety Improvements Project, and such project is necessary for the design and permitting of SR 28 corridor improvements, along the east shore of Lake Tahoe in Washoe County and Carson City, Nevada (hereinafter "PROJECT"); and

WHEREAS, SERVICE PROVIDER's services will be of great benefit to TTD and to the people of the State of Nevada.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants hereinafter contained, it is agreed by and between the Parties as follows:

ARTICLE I - SCOPE OF SERVICES

1. The SERVICE PROVIDER agrees to the following scope.

The required project scope shall include both environmental analysis and engineering services. Environmental analysis services shall include review of existing environmental documentation for the Project and to determine what additional analysis and documentation are needed to obtain National Environmental Policy Act (NEPA) and Tahoe Regional Planning Agency (TRPA) environmental approvals. Engineering services shall include, but may not be necessarily limited to: recommendations for project delivery, utility relocation analysis, tracking budgets, preparing cost estimates and risk management. Services shall also include providing construction costs/cost of work, monitoring schedules, Right of Way (ROW) determination, overseeing quality of all aspects of the project; communication with the project team; coordinating with all other applicable consultants.

The project engineering will be completed in three phases. Phase 1 will include review and any recommended modification of the current 30 percent (30%) project design, along with environmental analysis and documentation to obtain applicable project level NEPA, United States Forest Service (USFS), Nevada Department of Transportation (NDOT), TRPA, and any other agency approvals.

Phase 2 will include the preliminary engineering up to 60 percent (60%) design completion, including but not limited to:

- Plan view of proposed site grading and drainage improvements and identification of all major road components, including curb, gutter, sidewalks, parking areas, ancillary

DRAFT

buildings, restroom facilities, paid parking kiosks, transit/mobility hub facilities, safety facilities, trails, prefabricated bridge, overhead lighting, and underground utilities.

- Utility plan sheets identifying proposed improvements, with existing utilities clearly identified in locations where conflicts could exist.
- Roadway, trail, parking, bridge and drainage structure plan and profile sheets with appropriate horizontal and vertical design information.
- Necessary hydrogeology, geotechnical and land surveys for supporting design.
- ROW boundaries and property owner identification in and around project site.
- Identification of any project improvements located on private property. The project assumes all improvements will be primarily located on a combination of local (Washoe County and Carson City), state (NDOT), and federal lands (USFS).
- Determination of all necessary ROW acquisition based on preliminary project design.
- Determining all necessary rights-of-entry for private property for construction purposes.
- Ensure all designs meet NDOT requirements, expectations, and standards.
- Develop landscape plans, irrigation plans, and vegetative maintenance plans, consistent with relevant policies and ordinances.
- Ensure all designs meet current standards in addressing multi-modal functionality.
- Update project costs, prepare a finance plan, as needed, and provide any information necessary for securing additional funds.
- Assist in coordination, communication and, if necessary, preparation of inter-local agreements with stakeholders.
- Participate in the partnering process with project stakeholders.
- Development of construction sequence plan.
- Preparation of wayfinding signage and a highway modification plan for both parking facilities and on-highway parking removal.
- Parking management design, including infrastructure to emulate and connect to the existing parking system (Park Tahoe) at the Tahoe East Shore trailhead, as applicable.
- Development of a minimum of two design configurations for each parking facility, including Chimney Beach and Secret Harbor. Even though the Chimney Beach parking facility is currently under construction by the USFS; parking kiosks, underground broadband facilities, SR 28 pedestrian crossing, and parking facility driveway connection to SR 28 still require detailed design for the Chimney Beach parking facility.

Phase 3 will encompass all final project design and construction drawings, project quantities, project specifications, and detailed construction cost estimate for bidding project. The selected firm will work alongside TTD to deliver the necessary project engineering products, along with determination of ROW survey and easement products required by local and state agencies where the project improvements will be built.

2. The SERVICE PROVIDER agrees to furnish all labor, materials, services, equipment, tools, and other expenses necessary to perform the professional services required under the terms of this Agreement except as specifically provided otherwise herein.

3. The SERVICE PROVIDER agrees to comply with all requirements contained in the Request for Proposal dated September 12, 2023, which is incorporated into this Agreement by reference.

ARTICLE II - PERFORMANCE

1. The term of this Agreement shall be from the date first written above through and including **DATE**, unless a change extending the term is further agreed to by written amendment signed by all parties to this Agreement prior to such term expiration date.

2. In the event that the SERVICE PROVIDER performs or causes to be performed any work after: (a) the Agreement's expiration date as set forth within this Agreement, as it may be amended from time to time through written amendment signed by the parties hereto, prior to such expiration date; or (b) termination of this Agreement prior to the expiration date set forth within this Agreement; then TTD shall make no payment for work performed following the expiration or termination dates, and the SERVICE PROVIDER shall forfeit any and all right to payment for such work.

3. The SERVICE PROVIDER, on behalf of itself, its spouses, heirs, executors, administrators, successors, subrogates, servants, insurers, attorneys, independent representatives, personal representatives, agents, and assigns, does hereby waive, release, and forever discharge the State of Nevada, TTD, and each and every of their departments, divisions, agencies, officers, directors, agents, contractors, and employees, from any and all claims, demands, liens, liability, actions, causes of action, and suits for damages, at law and in equity, in any way connected with or arising from the SERVICE PROVIDER's provision of services and work performed following termination of this Agreement, and/or following the expiration date of this Agreement, as it may be amended from time to time through written amendment signed by the parties hereto, prior to such expiration date.

4. TTD, nor any of their departments, divisions, agencies, officers, directors, agents, contractors, and employees, shall have authority to extend this Agreement beyond the expiration date set forth within this Agreement, unless such extension is set forth within a written amendment signed by the parties hereto prior to such expiration date. The SERVICE PROVIDER shall not rely upon any oral or written representations expressed extrinsic to a written amendment signed by the parties hereto, prior to such expiration date, purporting to alter or amend this Agreement, including but not limited representations relating to the extension of the Agreement's expiration date.

5. Paragraphs 1 through 5 of this Article II - Performance, shall survive the termination and expiration of this Agreement.

6. The SERVICE PROVIDER shall not proceed with work until the SERVICE PROVIDER receives a written "Notice to Proceed" from TTD. If the SERVICE PROVIDER does commence said work prior to receiving said Notice to Proceed, the SERVICE PROVIDER shall forfeit any and all right to reimbursement for that portion of the work performed prior to said dates. Furthermore, the SERVICE PROVIDER shall not rely on the terms of this Agreement in any way, including but not limited to any written or oral representations and warranties made by TTD or any of its agents, employees, or affiliates, or on any dates of performance, deadlines, indemnities, or any other term contained in this Agreement or otherwise prior to receipt of the Notice to Proceed. In the event the SERVICE PROVIDER violates the provisions of this Section, the SERVICE PROVIDER waives any and all claims and damages against TTD, its employees, agents, and/or affiliates, including but not limited to monetary damages and/or any other available remedy at law or in equity arising under the terms of this Agreement.

7. In the event TTD discovers a SERVICE PROVIDER's error or omission before its discovery by the SERVICE PROVIDER, TTD shall not unreasonably delay in notifying SERVICE

DRAFT

PROVIDER of such error or omission. TTD's notice to SERVICE PROVIDER shall specify the maximum time period SERVICE PROVIDER will be allowed for correction. The SERVICE PROVIDER shall make all necessary corrections resulting from its errors and omissions, and shall without delay make any corrections necessitated by the negligence, lack of adequate resources, or any other cause within the SERVICE PROVIDER's control, and shall make such corrections without additional compensation. SERVICE PROVIDER shall track all related costs for the correction. Acceptance of the professional services by TTD will not relieve the SERVICE PROVIDER of the responsibility for any subsequent correction of any such errors and omissions, and the clarification of any ambiguities. The SERVICE PROVIDER will be responsible for additional costs in subsequent related construction resulting from its errors or omissions. Should TTD use its own personnel, supplies, or equipment to remedy the deficiency, all such costs incurred by TTD shall be deducted from the sum due or which may become due to the SERVICE PROVIDER. In the event all such costs and charges incurred by TTD exceed the sum which would have been payable under this Agreement, then the SERVICE PROVIDER shall reimburse TTD the amount of said excess.

9. The SERVICE PROVIDER shall assign one (1) individual throughout the life of this Agreement who shall have overall PROJECT responsibility unless illness or termination requires replacement. This individual shall be registered in accordance with NRS Chapter 625, Professional Engineers and Land Surveyors. This individual shall ensure that each sheet of the final submittal, including the title sheet, is stamped (electronic or wet stamp acceptable), signed and dated (original signature and date required) in accordance with NRS Chapter 625 and Nevada Administrative Code (NAC), Chapter 625.

10. A key person is defined as any individual identified by the SERVICE PROVIDER in its proposal as being part of the team to be assigned to the PROJECT. The SERVICE PROVIDER acknowledges and agrees, that the award of this Agreement was based, in part, on its ability to manage the PROJECT, and the qualifications, experience, and capacity of the SERVICE PROVIDER's aforementioned key persons and team. The SERVICE PROVIDER represents, warrants, and covenants that such key persons are and will continue to be available to undertake and perform all services identified herein and fulfill the roles identified in its proposal. The SERVICE PROVIDER shall notify TTD in writing within ten (10) calendar days when a key person leaves the PROJECT team.

a. If a key person leaves the PROJECT team, the SERVICE PROVIDER shall promptly propose a replacement within thirty (30) calendar days to and for TTD's review and written consent.

b. TTD shall have the unilateral right to terminate this Agreement:

1. If a key person leaves the PROJECT team for a reason other than death, retirement, incapacitation, or leaving SERVICE PROVIDER's employment (including the employment with SERVICE PROVIDER's affiliates, subsidiaries, and parent companies/organizations);

2. If a key person listed by the SERVICE PROVIDER in its proposal to perform or supervise various aspects of design is changed or leaves the PROJECT team; or

3. If TTD does not accept the SERVICE PROVIDER's proposed key person replacement.

DRAFT

c. If this Agreement is terminated pursuant to the above, the SERVICE PROVIDER shall be paid for actual costs incurred for all services rendered and accepted by TTD, and an amount of fee proportional to the work completed as of the date of termination. Additionally, the SERVICE PROVIDER shall not be entitled to any settlement costs, if any. Such termination will not occur if the SERVICE PROVIDER provides a replacement that is acceptable to TTD within thirty (30) calendar days of the date when the key person is changed or has left the PROJECT team.

11. The SERVICE PROVIDER shall at all times maintain control over and have complete responsibility for all services performed pursuant to this Agreement by the SERVICE PROVIDER and any of its subcontractors.

12. The SERVICE PROVIDER warrants that all deliverables and professional services produced under this Agreement shall be completed in a workmanlike manner consistent with standards in the trade, profession, or industry. The standard of care applicable to SERVICE PROVIDER's services will be of the degree of skill and diligence normally employed by professional engineers performing the same or similar services at the time said services are performed.

13. This Agreement, and any amendments, may be suspended temporarily, either wholly or in part, by TTD upon oral notice confirmed in writing within ten (10) calendar days, when TTD determines that conditions beyond the control of the SERVICE PROVIDER are unfavorable to its satisfactory continuation of work. Should such conditions be encountered, the time for completion may be extended in an amount determined by TTD to be equivalent to the delay. Requests for suspension of time by the SERVICE PROVIDER must have the written approval of TTD. No allowance shall be made for delay or suspension of the services solely due to the fault of the SERVICE PROVIDER.

14. An alteration ordered by TTD which substantially changes the services provided for by the expressed intent of this Agreement will be considered extra professional services, and shall be specified in a written amendment signed by all Parties, which will set forth the nature and scope thereof. The method of payment for extra professional services shall be specified at the time the amendment is written.

15. The SERVICE PROVIDER shall not assign or subcontract, any of the professional services performed under this Agreement without the prior written approval of TTD. The SERVICE PROVIDER will, subsequent to obtaining written approval from TTD, provide TTD with a copy of the contract or agreement for professional services. The SERVICE PROVIDER, shall require its subcontractors to comply with all provisions of 48 CFR Chapter 1, Part 31, and, if the subcontract agreement exceeds One Hundred Thousand and No/00 Dollars (\$100,000.00), the subcontract agreement shall also comply with Paragraph 16 of this Article. The SERVICE PROVIDER will be responsible for any costs or deficiencies resulting from noncompliance if the subcontractors fail to comply with 48 CFR Chapter 1, Part 31. Any attempted assignment of rights or delegation of duties under this Agreement without the prior written consent of TTD, shall be void.

16. The SERVICE PROVIDER agrees to complete and sign Attachment A - "AFFIDAVIT REQUIRED UNDER SECTION 112(c) AND 2 CFR PARTS 180 AND 1200 – SUSPENSION OR DEBARMENT," Attachment B - "CERTIFICATION REQUIRED BY SECTION 1352 of TITLE 31, UNITED STATES CODE, RESTRICTIONS OF LOBBYING USING APPROPRIATED FEDERAL FUNDS," and "Instructions for Completion of SF-LLL, Disclosure of Lobbying Activities," attached hereto and incorporated herein.

DRAFT

17. The SERVICE PROVIDER acknowledges that the Nevada Department of Transportation has established a Disadvantaged Business Enterprise (DBE) participation requirement of **six percent (6%)** of the total dollar value of the Agreement costs. A DBE must be a small business concern as defined by the U.S. Small Business Act, 15 USC § 632 or by 49 CFR Subtitle A, Part 26.

18. The SERVICE PROVIDER shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of Federally-assisted contracts. Failure by the SERVICE PROVIDER to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the contracting agency deems appropriate.

19. Failure by the Service Provider to fulfill the DBE Agreement requirements and to demonstrate good faith efforts, either in the SERVICE PROVIDER's proposal or during the performance period, constitutes a breach of this Agreement. In event of such a breach, TTD may:

- a. Withhold progress payments or a portion thereof;
- b. Deduct, as damages, an amount equal to the unmet portion of the DBE commitment not achieved. This amount will be determined by multiplying the percentage of DBE participation proposed by the total cost set forth in the agreement and then multiplying the actual percentage of DBE participation used during the agreement by the total cost set forth in the agreement. In the event the actual percentage of DBE participation is less than the proposed percentage of DBE participation, the difference in these two figures shall be the amount of damages due to TTD;
- c. Remove the SERVICE PROVIDER from the prequalified list for repeated violations, falsifications, or misrepresentations; and/or
- d. Terminate the Agreement.

20. This Agreement is contingent upon the verification that the SERVICE PROVIDER has a valid and active Nevada Business License, and is in good standing in all areas of the Secretary of State's business requirements. If the SERVICE PROVIDER is an out of state provider, the SERVICE PROVIDER must be registered as a foreign business entity equivalent in Nevada, in active status and in good standing.

ARTICLE III – TERMINATION

1. TTD may terminate this Agreement without cause with 10 days' written notice to the SERVICE PROVIDER. In the event this Agreement is terminated in this manner, the SERVICE PROVIDER shall be paid for the cost of the professional services, which have been completed and accepted by TTD up to the date of termination.

2. The continuation of this Agreement beyond the current biennium is subject to and contingent upon sufficient funds being appropriated, budgeted, and otherwise made available by TTD. TTD may terminate this Agreement, and the SERVICE PROVIDER waives any and all claims for damages, effective immediately upon receipt of written notice, or any date specified therein, if for any reason TTD's funding from TTD, state and/or federal sources is not appropriated or is withdrawn, limited or impaired.

DRAFT

3. A default or breach may be declared with or without termination. This Agreement may be terminated by either Party upon written notice of default or breach to the other Party as follows:

a. If the SERVICE PROVIDER fails to provide or satisfactorily perform any of the professional services called for by this Agreement within the time requirements specified in this Agreement or within any granted extension of those time requirements; or

b. If any state, county, city, or federal license, authorization, waiver, permit, qualification, or certification required by statute, ordinance, law, or regulation to be held by the SERVICE PROVIDER to provide the goods or services required by this Agreement is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or

c. If the SERVICE PROVIDER becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of a bankruptcy court; or

d. If TTD materially breaches any material duty under this Agreement and any such breach impairs the SERVICE PROVIDER's ability to perform; or

e. If it is found by TTD that any quid pro quo or gratuities in the form of money, services, entertainment, gifts, or otherwise were offered or given by the SERVICE PROVIDER, or any agent or representative of the SERVICE PROVIDER, to any officer or employee of TTD with a view toward securing an agreement or securing favorable treatment with respect to awarding, extending, amending, or making any determination with respect to the performing of such agreement; or

f. If the SERVICE PROVIDER knowingly bills TTD for unallowable costs or non bona fide goods or services, or for goods and services not provided.

4. Termination upon a declared default or breach may be exercised after service of written notice and the subsequent failure of the defaulting Party, within fifteen (15) calendar days of service of that notice, to provide evidence, satisfactory to the aggrieved Party, showing the declared default or breach has been corrected. Such correspondence shall be deemed to have been served on the date of postmark.

5. In the event of the SERVICE PROVIDER's breach of this Agreement, all costs and charges incurred by TTD, together with the cost of completing the work under this Agreement, shall be deducted from any money due or which may become due to said SERVICE PROVIDER. If expenses exceed the sum which would have been payable under this Agreement, then the SERVICE PROVIDER shall be liable and shall pay to TTD the amount of said excess.

6. This Agreement shall be terminated when the professional services contemplated and covered by this Agreement have been completely performed by the SERVICE PROVIDER, and all items of professional services have been approved and accepted by TTD, and final payment is made.

ARTICLE IV – COST

SPECIFIC RATES OF COMPENSATION

1. The "specific rates of compensation" method of compensation shall be used for the SERVICE PROVIDER's services.

DRAFT

2. The total cost of the services by the SERVICE PROVIDER shall not exceed the sum of **NUMBER** and **#/100 Dollars (\$#)**, which includes the rate.

3. The rate will be reimbursed at **NUMBER** and **#/100 Dollars (\$#)** per **DESCRIPTION** and shall include direct salary costs, indirect costs, other direct costs, and fixed fee. **IF APPLICABLE, INCLUDE SCHEDULE AS AN ATTACHMENT**

4. TTD will pay the SERVICE PROVIDER in monthly installments based upon progress and final payment reports submitted by the SERVICE PROVIDER and as approved by TTD.

6. The SERVICE PROVIDER agrees to complete and sign Attachment C - Service Provider Cost Certification of Final Indirect Costs, attached hereto and incorporated herein.

7. The SERVICE PROVIDER cost billing, reimbursement, and audit, will be accomplished in accordance with the Federal Cost Principles set forth in 2 CFR Part 200.

8. Travel costs will be reimbursed based on actual costs limited by Federal Travel Regulations (FTR) GSA lodging, meals and incidental expense, and mileage reimbursement rates. The SERVICE PROVIDER shall provide travel receipts.

9. When requested by TTD, the SERVICE PROVIDER shall schedule its own airline and rental car reservations by the most economical means for reimbursement. Original receipts for airfare and rental cars must be submitted with the "Claim for Travel Expense." TTD is not responsible for payment of any premium, deductible or assessments on insurance policies purchased by the SERVICE PROVIDER for a rental vehicle.

ARTICLE V - SCHEDULE OF PAYMENTS

1. The SERVICE PROVIDER shall submit a signed invoice monthly for all services rendered along with one (1) copy of substantiating documentation. The invoice must be submitted on the SERVICE PROVIDER's stationery using TTD's format. TTD will utilize its normal accounting procedure in the payment of the invoices submitted.

2. TTD reserves the right to inspect and approve the professional services performed before payment is made to the SERVICE PROVIDER. Payment will be withheld for deliverables and professional services TTD determines to be unsatisfactory in that they have not been provided in a workmanlike manner consistent with standards in the trade, profession, or industry. Payment shall remain unpaid until the professional services are completed in accordance with the standards and work requirements defined in this Agreement.
