TAHOE TRANSPORTATION DISTRICT INTRODUCES MULTIPLE STOPS FOR THE EAST SHORE EXPRESS DURING THE 2024 SUMMER SEASON

Transit Service from Incline Village to Sand Harbor State Park

May 31, 2024 (Stateline, Nev.) -- Tahoe Transportation District (TTD) is pleased to announce the return of the East Shore Express Service beginning June 28, 2024. This season, hourly paid parking will be available at the Tunnel Creek parking lot, located at 1102 Tahoe Blvd. at the Tahoe East Shore Trailhead. This strategic change enhances access and convenience for riders.

The free transit service will operate daily from 10:00 AM to approximately 6:30 PM, starting June 28 and running through September 2, 2024. The service will operate as a continuous loop with multiple designated eastbound and westbound bus stops. For additional information visit, www.eastshoreexpress.com.

Eastbound Stops: Incline Village to Sand Harbor

- Continuous loop service begins at 10:00 AM
- Route start: 76 Gas Station (corner of Northwood Blvd. & Tahoe Blvd./SR 28)

Westbound Stops: Sand Harbor to Incline Village

- Continuous loop service begins at 10:30 AM
- Route start: Sand Harbor Visitor's Center

"The East Shore Express is a vital service connecting residents and visitors alike to the stunning beauty of Lake Tahoe," stated TTD District Manager Carl Hasty. "By utilizing the Tunnel Creek parking area, we are providing access for all, fostering a seamless experience for those exploring our region."

TTD encourages all residents and visitors to take advantage of the East Shore Express and other public transit options to reduce congestion and environmental impact in the Lake Tahoe Basin. The Transit App remains the preferred method for accessing Tahoe's public transportation network, offering real-time updates and trip planning assistance.

About Tahoe Transportation District

The Tahoe Transportation District (TTD) is a bi-state agency responsible for the management and implementation of safe, environmentally sound, multi-modal transportation projects and programs in the Lake Tahoe Region, including transit operations. TTD leads multi-jurisdictional infrastructure projects to make travel safer, improve access to recreation, and reduce traffic congestion and private car use. TTD focuses on transit's pivotal role in improving air and water quality because more than 70 percent of the pollutants impacting Lake Tahoe's clarity come from transportation system and built environment run-off. TTD has delivered numerous projects to help reduce environmental impacts and address the high demand residents and visitors place on the region's transportation infrastructure, including transit solutions, roadway and safety enhancements, water quality improvements, and pedestrian/cyclist paths.
