

**TAHOE TRANSPORTATION DISTRICT ANNOUNCES
NEW BOARD LEADERSHIP FOR 2025**

Andy Chapman to Serve as Chair, Brian Bigley Named Vice Chair

January 10, 2025 (*Stateline, Nev.*) – The Tahoe Transportation District (TTD) is pleased to announce the appointment of Andy Chapman as Chair of the Board of Directors and Brian Bigley as Vice Chair. These appointments reflect TTD’s commitment to providing innovative and sustainable transportation solutions that enhance mobility, protect Lake Tahoe’s unique environment, and meet the needs of residents and visitors alike.

Andy Chapman, President and CEO of Travel North Tahoe Nevada, assumes the role of Chair with extensive experience in regional transportation, tourism and destination management, and collaborative leadership. His strategic vision and ability to build partnerships will be critical as TTD addresses the Basin’s transportation challenges and advances long-term transit solutions.

“Andy brings a wealth of knowledge and leadership experience to this role,” said Jim Marino, Acting District Manager of the Tahoe Transportation District. “His dedication to enhancing mobility while preserving Lake Tahoe’s natural beauty makes him the ideal choice to lead the Board during this pivotal time.”

Brian Bigley, the Board’s Member-at-Large representing public and private transit services in the Basin, will serve as Vice Chair. As Director of Base Mountain Operations at Heavenly Mountain Resort, Brian’s expertise in operations and his commitment to regional collaboration will be essential in driving forward TTD’s mission.

“Brian’s deep understanding of operation systems and his focus on community-oriented solutions make him an invaluable leader on the Board,” added Marino. “Together with Andy, this leadership team will help TTD deliver results that benefit the entire region.”

“I am honored to lead the Tahoe Transportation District during such a critical time for our region,” said Chapman. “Together with Brian, the Board, staff, and regional partners, we will focus on delivering innovative transportation solutions that protect the environment, enhance the visitor experience, and improve quality of life for residents.”

About Tahoe Transportation District

The Tahoe Transportation District (TTD) is a bi-state agency responsible for the management and implementation of safe, environmentally sound, multi-modal transportation projects and programs in the Lake Tahoe Region, including transit operations. TTD leads multi-jurisdictional infrastructure projects to make travel safer, improve access to recreation, and reduce traffic congestion and private car use. TTD focuses on transit's pivotal role in improving air and water quality because more than 70 percent of the pollutants impacting Lake Tahoe's clarity come from transportation system and built environment run-off. TTD has delivered numerous projects to help reduce environmental impacts and address the high demand residents and visitors place on the region's transportation infrastructure, including transit solutions, roadway and safety enhancements, water quality improvements, and pedestrian/cyclist paths.
